#### A GREAT REMEDY The Caucasian Gives Free Advertising Fo

For some weeks past THE CAUCAS IAN has been running an advertisement of the Swamp Angel Company. We had not given it very much attention, and while we had satisfied ourselves that it was a good medicine we had no true idea of its real value. From direct evidence we can affirm to any one interested, that this med icine is possibly what has long been looked for. We should be slow to make this assertion but for the fact that some strong testimonials have come under our notice, and we here present them. The original letters are now in possession of THE CAU-CASIAN.

# ORINOCO TOBACCO GUANO DEAR SIR-In answer to your

In answer to your inquiry about the Orinoco guano I will say I used it under to-bacco, planted on very poor land. I used about 800 lbs, of the guano with a little cotton-seed meal, and I have never seed meal, and I have never seen such fine tobacco before— one row through the middle of the field, by accident, failed to get any guano, and while the other tobacco grew as high as your shoulders the skipped row was hardly 12 inches high. I did not have enough Orinoco for my crop and finished up with another brand and the differ-ence in favor of Orinoco was very great. The other brand was higher priced.
